Re: COVID-19: At-Home Learning for Students

The past few weeks have been challenging for our Nation as we learn to live life with the ongoing presence of Coronavirus Disease-2019 (COVID-19). Many school districts have closed as a result of the virus including our Pre-Kindergarten through Grade Eight Washington Township Schools.

The closing of school presents several challenges to our families as we prepare to begin "At-Home Learning" on Tuesday, March 17, 2020. Most certainly, the need for our children to be supervised and cared for by their parents/guardians while at home is of paramount importance.

I ask for your patience, understanding, and flexibility during this time as our students and their parents adjust to the many life changes resulting from COVID-19 here in our United States.

At this time, the Washington Township School District is closed through Sunday, April 5, 2020. An assessment will be made as to whether or not to re-open school on Monday, April 6th.

Thank you for your understanding during these unprecedented health-related circumstances. Your support of our students and their families is greatly appreciated!

Sincerely,

Jeffrey S. Mohre
