JOLENE R. BATTITORI, ASSISTANT SUPERINTENDENT

LIZ GEORGE, SCHOOL BUSINESS ADMINISTRATOR

Friday, January 8, 2021

Dear Parents, Guardians, Faculty, and Staff of Our Washington Township Schools Community:

I am writing to inform you that the District learned today that an individual who was recently present at the **Long Valley Middle School** has been determined to have COVID-19. The District has coordinated closely with public health officials and is following CDC, state, and local health department Covid-19 response guidance in order to assure the health and safety of our Long Valley Middle School Community. Please note that there are no close contacts associated with this particular case.

The COVID-19 response mechanisms WTS has developed have enabled the District to respond promptly and to offer protection for our students, their families, and our school professionals. You can greatly assist us by remaining vigilant but sensible in your approach to dealing with this health concern. I am sharing once again some resources that might be helpful to you and your family at this time and in the future. The entire WTS Family expresses well wishes to the affected individual.

Sincerely yours,

Jeffrey S. Mohre

Jeffrey S. Mohre
Superintendent of Schools

c. Mark Ippolito, LVMS Principal; Danielle Schweitzer, LVMS Assistant Principal; Washington Township Board of Health; Washington Township Schools School Physician; Washington Township Board of Education
