

BOUNDARIES FOR THE THREE ELEMENTARY SCHOOLS

Benedict A Cucinella School

Students residing in the northern-most section of the township will attend the Benedict A. Cucinella School. The boundary runs from the western edge of town just north of Hasting Square, includes the Hidden Hills, Brittany Hills and Peachtree Village developments, and runs east to the intersection of Mission Road and Spring Lane. From here the line heads south along Spring Lane and Naughtright Road, then west along East Springtown Road to the intersection with Schooley's Mountain Road. The line then crosses Schooley's Mountain Road, and runs behind James Trail, to connect with the South Branch of the Raritan River. From here, the boundary continues east along the river to Naughtright Road, which it follows to Bartley Road, then South Four Bridges Road to the town line. Students living on the roads forming this boundary, (Mission and Naughtright Roads, for example) will attend the Cucinella School.

Flocktown/Kossmann School

Students residing in the western-most section of the township will attend Kossmann and Flocktown Road Schools. This group includes those living south and west of Spring, Naughtright and East Springtown Roads, as described above, and west of the South Branch River.

Old Farmers Road School Road School

Students attending Old Farmers Road School Road School will be those living in the southeastern area of the township. This area includes all children east of the South Branch River, from the town's boundary with Hunterdon County to Naughtright Road. From here it runs just west of Naughtright Road, turns north to follow Bartley Road, and east to follow South Four Bridges Road. Children living along Naughtright, Bartley and South Four Bridges Roads will attend the Cucinella School.

School streets
