September 2020

Dear Parents/Guardians,

I hope the school year has started well for you and your child even with the current state of education! We look forward to working with you and your child throughout the year.

Although it is early in the year, I am required to share the district's assessment calendar with you as soon as possible. Please find the schedule for the planned assessments that your child may take during this school year included in this correspondence.

In the past, students in grades three through eight participated in the NJ Student Learning Assessment - Mathematics and English/Language Arts. Students in grades five and eight participated in the NJ Student Learning Assessment - Science. At this point, we do not have information about these assessments. If/when information becomes available, it will be communicated with you.

Thank you,

*Jolene R. Battitori*
